

INTRODUCING A PATENTED, PROVEN AND PROFITABLE CUSTOM CLUB FITTING SOLUTION

Professionals, your reputation is at stake. Each time you custom fit a golfer they expect to see results on the score card...results you can now deliver with PXIII.

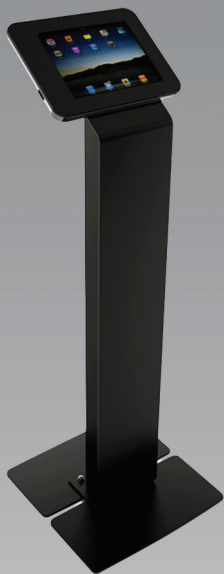

THE FITTING INNOVATION

Science and art have come together in the PXIII web-based club fitting solution from Pro-Fit.

PXIII is built on three pillars: club length, dead weight, and swing weight. No one else in the industry looks at these three pillars collectively. This revolutionary, patented fitting system is now available to pros in an intuitive, on-line application that not only makes fitting more accurate and effective, but easier. Pros, you may not even need a fitting cart -- just a few basic measurement tools and access to a computer, tablet or smart phone. The minimal tools required and the pricing structure of PXIII will make your fitting business a profit generator.

SPECIAL INTRODUCTORY OFFER

Optional fitting station available at discounted pricing.

The PXIII system is available for a limited time for just **\$995*** and includes:

- Unlimited access to the patented PXIII on-line fitting system
- Support from PGA Professionals who are experts in fitting and in the PXIII system
- Wall-mounted ruler
- Grip strength tester
- Signage and marketing materials

** The annual upgrade fee will keep your system current with the latest OEM club offerings. Additional required equipment not provided: computer, laptop or tablet, a lie angle board, swing weight scale and launch monitor.*

"I couldn't believe how comprehensive and fast the system was to produce the feel I was looking for. I made a hole-in-one the first day I used my irons and had a top ten finish 3 weeks later; my best in 3 years."

**- Peter Jacobsen
PGA Senior Tour Major Champion**

For a demonstration of PXIII, contact Jim or Greg: **1-855-825-5954**, **www.pxthree.com**. You won't believe the accuracy of the fit!
